

Coaching Self Development Questions

- Do I have the trust of each player that everything I'm doing before, during and after practice or games is benefiting them in either softball or some other aspect of life?
- Have I taught the players the fundamental skills required to become (with practice) the best they can be?
- Does each player enjoy and look forward to attending both practices and games?
- Am I encouraging each individual to give 100% for me as a coach, but more importantly for themselves as a player?
- Are my actions on the field in the best interest of the players and everyone involved with the game, or does winning take a priority?
- Am I teaching the players how to handle difficult situations with patience and control?
- Am I teaching the players that sports can play an important part in their lives and that doing their best is an automatic win?
